Swan Valley Fire District

Firefighting Program

Existing Resources/Assets	Needs
❑ Paid (1) and volunteer personnel ❑ 2 Stations, 6 bays each ❑ 2,400 Structural/900 wildland total GPM capacity ❑ 2 pumper tender (structure/wildland) ❑ 2 structural vehicles/1 structure/wildland utility/3 wildland/1 utility/rescue lighting	Manuals on apparatus maintenance, testing requirements, and pump operations ❑ Testing equipment ❑ Access bridges cross the Snake River to BLM/forest service lands ❑ More maneuverable response vehicles ❑ Low cost on-site HazMat training; proper equipment to handle HazMat incidents ❑ On –site training for entire staff (refresher / structural / Wildland) ❑ Reserve fire pumps incorporated into the existing water system ❑ Portable positive displacement pumps ❑ Increased revenues through increased taxes, mill levies, and taxing districts ❑ Low-cost on-site grant writing courses computer software ❑ Courses on records maintenance ❑ 3500 gal. water tender ❑ Add on to station #2 in Irwin ❑ Replace 1 pumper ❑ Replace rescue truck ❑ Paid personnel ❑ Small 4x4 rescue unit for backcountry with wildland fire capabilities

Hazardous Material

Existing Resources/Assets	Needs
The District does not have a HazMat team. However, several members of the program are HazMat trained and are utilized until the appropriate systems arrive to handle the scene.	Need more training and equipment for HazMat

Training and Certification

Existing Resources/Assets	Needs
❑ Some NFPA, NWCG Standards ❑ IFSTA Training Program ❑ Written Standard Operating Procedures	❑ Low-cost on-site training with certified instructors for all personnel ❑ Computerized Training Modules ❑ A PowerPoint projector that works in conjunction with a computer ❑ Low cost on-site refresher and fire fighting training courses with certified instructors for all personnel

Communication

Existing Resources/Assets	Needs
❑ All vehicles radio-equipped ❑ Have sufficient portable radios (multi-frequency adequate) ❑ Respond to remote calls	❑ Improved cellular telephones and radios ❑ Consistent and accurate communications with surrounding departments

Prevention and Inspection

Existing Resources/Assets	Needs
❑ Open-burning inspections ❑ Investigates fire causes and origins	❑ Low-cost on-site training by certified instructors

Public Education

Existing Resources/Assets	Needs
❑ Conducts public education programs ❑ Participates in public outreach	❑ Identify sources of outside assistance to improve public awareness ❑ Prepackaged presentations ❑ Use of SCA students for home inspections

Idaho Falls Fire Department/Bonneville Fire District #1

Firefighting Program

Existing Resources/Assets	Needs
❑ 5 Stations, 4 bays per station on average	❑ Add several light and 1 heavy brush unit
❑ Paid personnel	❑ Extend city water distribution system into strategic areas within the district
❑ 8,750 structural/ 2,000 wildland total GPM capacity	❑ Underground water tanks, wells, & pumps in strategic areas
❑ Grid access address system	❑ Increase grants for one-time purchases, building and materials
❑ Computerized record-keeping system	❑ Assistance with the grant writing process
❑ Fire response: structural, wildlands, HazMat, high risk, search & rescue, high tech, special circumstances	❑ A dedicated grant library
❑ 7 structural vehicles; 2 structural/wildland vehicles	❑ Current manuals for testing
❑ Meets ISO water flow requirements	❑ Testing equipment
❑ Meets all national fire protection association standards	❑ Grants for purchase of new testing equipment
	❑ On-site training for entire staff (refresher training & to bring all staff to same level; update training)
	❑ Six shelters and six PPE packs for wildland fire fighting.

Hazardous Materials

Existing Resources/Assets	Needs
❑ Trained personnel	❑ Latest and current training and equipment
❑ 2 Rescue vehicles	
❑ 1 HazMat vehicle	
❑ 1 lighting and generator vehicle	

EMS

Existing Resources/Assets	Needs
❑ Trained personnel	❑ Grants for equipment purchases, training and vehicle replacement
❑ 7 ambulance vehicles	

Training and Certification

Existing Resources/Assets	Needs
❑ Firefighter structural protection	❑ Subsidized training (Grants)
❑ EMS basic	❑ Training and instructional materials
❑ HazMat	❑ Training materials
❑ IFSTA student manuals, videos, slides & CD programs	❑ Certified instructor training
❑ Some programs meet NFPA, NWCG	
❑ Utilizes IFSTA training program	

❑ Written standard operating procedures
❑ Videos and materials

Communication

Existing Resources/Assets	Needs
❑ Responds to remote alarm calls	❑ Repeaters
❑ Portable radios	
❑ All vehicles radio equipped	

Prevention and Inspection

Existing Resources/Assets	Needs
❑ Fire prevention division	❑ None
❑ Fire code enforcement	
❑ Fire cause and origin investigations conducted	

Public Education

Existing Resources/Assets	Needs
❑ Public education programs	❑ None
❑ Outreach education and inspections	
❑ Specialty presentations	

Ammon Fire Department

Firefighting Program

Existing Resources/Assets	Needs
1 station, 7 bays - Two Paid and thirty-eight paid-call personnel - Total of 4,650 structural and 100 wildland GPM capacity - Grid access address system - Computerized record keeping system - Fire Response: structural, wildland, HazMat, high risk & search & rescue 5 structural vehicles; 1 wildland vehicle - Mutual Aid contracts with sixteen area fire agencies - Meets ISO water flow requirements - Meets all national fire protection association standards	- Structural personal protective equipment - Ladder Truck - Wildland personal protective equipment including fire shelters 1 additional station, 4 bays - Water tender - Brush Truck - Rescue Truck - Testing equipment - Current manuals for testing - Increase grants for one-time purchases, building and equipment - Grants for the purchase of PPE and new testing equipment - A dedicated grant library

Training and Certification

Existing Resources/Assets	Needs
- Department is NIMS compliant - IFSAC Firefighter I Certified - HazMat - S-130/S-190 Wildland Fire Certified - Some programs meet NFPA, NWCG - Utilizes IFSTA training program - Written standard operating procedures - Videos and materials	- Distance learning system - Certified instructor training - Subsidized training (Grants) - Training and instructional materials - IFSAC FF II Certification training - IFSAC Driver/Operator Certification training

Communication

Existing Resources/Assets	Needs
- Responds to remote alarm calls - Portable radios - Pagers - All vehicles radio equipped	- Pagers - Handheld radios - Interoperable Radio Communications

Prevention and Inspection

Existing Resources/Assets	Needs
❑ Fire prevention division ❑ Fire code enforcement ❑ Fire cause and origin investigations conducted ❑ 8 certified inspectors ❑ Firehouse software for record keeping	❑ Grants for purchase of equipment and literature for programs

Hazardous Materials

Existing Resources/Assets	Needs
❑ Trained to Operations Level ❑ Basic clean-up equipment	❑ Latest and current training and equipment

Public Education

Existing Resources/Assets	Needs
❑ Public education programs ❑ Outreach education and inspections ❑ Specialized community presentations	❑ Prepackaged presentations

Ucon Fire Department

Firefighting Program

Existing Resources/Assets	Needs
❑ 1 station, 3 bays	❑ Structural personal protective equipment
❑ Volunteer personnel	❑ Hydrant testing system
❑ 4000 structural/0 wildland total GPM capacity	❑ Library of fire-related grants
❑ Grid access address system	❑ Grant writer/source of information
❑ Computerized record-keeping system	❑ Grants to bring apparatus up to NFPA standards
❑ Fire response: structural (residential and business), wildland, HazMat, high risk	❑ Manuals of NFPA standards
	❑ Wildland personal protective equipment
❑ 3structural vehicles	❑ Wildland firefighting equipment
❑ Meets ISO water flow requirements	❑ Brush truck

Training and Certification

Existing Resources/Assets	Needs
❑ Firefighter structural protection	❑ IFSTA training program
❑ HazMat training	❑ Wildland firefighter training
❑ Flashover trailer and natural gas emergencies	❑ HazMat Operations Level
	❑ Fire Inspector Training

Communication

Existing Resources/Assets	Needs
❑ Responds to remote alarm calls	❑ Hand held radios
❑ Some portable radios	❑ Pagers
❑ All vehicles radio equipped	❑ Interoperable Radio Communications

Prevention and Inspection

Existing Resources/Assets	Needs
❑ Fire prevention division	❑ Grants for purchase of equipment and literature for programs
❑ Fire code enforcement	
❑ Fire cause and origin investigations conducted	
❑ 1 certified inspector	
❑ NFIRS software for record keeping	

Public Education

Existing Resources/Assets	Needs
❑ Public education programs	❑ Grants for handouts and pamphlets
❑ Outreach education and inspections
